SW Quadrant Traffic Meeting

This month, the Vienna Transportation Safety Commission (TSC) will conclude its series of public hearings to listen to citizen concerns and suggestions relating to traffic safety for motorists, pedestrians, and bicyclists. The final meeting, for residents in the southwest quadrant of town, will be held on Tuesday, January 26, beginning at 8 p.m. in the Council Chamber at Town Hall. Residents may also send written comments to TSC Chairman Steve Kenney in care of Town Hall or e-mail tsc@viennava.gov. Meetings for northeast, northwest and southeast Vienna were held last fall. All of the comments will be summarized and submitted to the Town Council.

Holiday Schedule

Town Hall will be closed on Friday, January 1, for New Year's Day. ***NO CURBSIDE RECYCLING JANUARY 1. RECYCLABLES WILL BE COLLECTED TOWNWIDE ON THURSDAY, DECEMBER 31.***

Town Hall will also be closed on Monday, January 18, for Martin Luther King Jr. Day. Trash will be picked up as usual that day.

An updated brochure outlining Vienna's solid waste regulations is printed on pages 9 and 10 of this newsletter. Please save the brochure and refer to it whenever necessary.

Attention Town Businesses

Business, professional and occupational license (BPOL) tax forms will be mailed out at the end of January. Forms are also available in the Finance Department at Town Hall and online at www.viennava.gov. All businesses in the Town of Vienna, including home occupations, must renew their business licenses by March 1 each year.

The amount of the tax is based on gross receipts, and the rate varies according to the type of business. The gross receipts threshold is \$50,000, below which the tax does not apply. Those businesses with total annual gross receipts of \$50,000 or less pay only the minimum license fee of \$30 per year.

For more information or assistance in figuring license taxes, call 703-255-6321.

Town Council to Reconsider Courthouse Road Sidewalk

At its January 25 meeting, the Town Council will reconsider authorizing a proposed project to build a new sidewalk on the south side of Courthouse Road, S.W., between Nutley and Ware Streets. The meeting will begin at 8 p.m. in the Council Chamber at Town Hall, and all interested citizens are encouraged to attend. Council deferred action on the project in November.

A copy of the Department of Public Works (DPW) report recommending the project is available at the Town Web site, www.viennava.gov/Town_Government/Town_Council.htm. All work will be within the public right-of-way and there will be no cost to property owners for the improvements.

If Council authorizes the project, the next step will be to finalize temporary construction easements with affected property owners. A notice will be sent to all adjacent property owners before construction begins whether or not their property will be affected.

Questions about the project should be directed to DPW Engineer Dennis Johnson at 703-255-6386 or djohnson@viennava.gov.

Leaf Collection Ending

The last pass through town by leaf collection crews begins January 4 in south Vienna and January 11 on the north side of town. Leaves should be raked to the curbside prior to your first scheduled collection day. Crews may take several days to finish in an area and inclement weather may cause delays, but they will pass your address only once during the collection period. For more information about leaf collection, call the Public Works Department at 703-255-6381.

General Assembly Convenes Jan. 13

The 2010 session of the Virginia General Assembly will convene on Wednesday, January 13. There are a number of online resources available at the Virginia General Assembly Web site, <http://legis.state.va.us>, to assist citizens in taking an active role in the legislative process.

Vienna's representatives are State Senator Chap Petersen, 804-698-7534 or e-mail district34@sov.state.va.us and Delegate Mark Keam, 804-698-1035 or e-mail DelMKeam@house.virginia.gov.

The Vienna Town Council has conveyed the following legislative agenda for 2010 to the Town's representatives:

The Governor and General Assembly should:

- Immediately examine state requirements and service expansions to determine those that can be suspended or modified to alleviate some of the financial burden on state and local taxpayers. A specific example of what the state needs to do would be to empower local governments to deal with the problem of stormwater runoff resulting from construction activities. Local governments require the authority to review, inspect and maintain stormwater best management post-construction practices. Further, local governments require the authority to adopt their own fee schedules designed to meet local needs.

- Develop spending and revenue priorities. State tax credits, tax deductions and tax relief policies must receive the same security as spending programs. To do otherwise means that tax policies are more important than the education and well-being of our children, the safety of our families and other basic government functions.

- After all other actions have been taken including eliminating unnecessary programs, achieving greater program efficiencies, and streamlining service delivery, the state has the obligation to look at ways to increase revenues in order to meet its constitutional and statutory obligations to Virginia citizens.

The Governor and General Assembly should not:

- Restrict further local revenue authority or sources.

- Impose new funding requirements or expand existing ones on services delivered by local governments.

- Shift state funding responsibilities onto local governments, including law enforcement and public safety activities.

- Impose state fees, taxes or surcharges on local government services.

- Place additional administrative burdens on local governments.

The Town of Vienna specifically requests local authority to require storm water management improvements for single-lot development where substantial redevelopment is proposed.

The Town of Vienna supports amendments to the Code of Virginia 46.2 to clarify pedestrian right-of-way and to ensure pedestrian safety in crosswalks.

The Town of Vienna requests an amendment to Virginia Code §8.01-407 to restrict attorney issued subpoenas issued to elected or appointed officials (planning commissioners, board of zoning appeals members, etc.) unless authorized by the Court or if the subject matter is unrelated to their official duties. Currently, an attorney may subpoena a council member, county supervisor, etc., five days prior to a trial and there is usually no time to have a judge quash the subpoena until the trial date.

The Town of Vienna requests the Virginia State Building Code, incorporating the International Building Code, be amended to permit localities with zoning ordinances that permit single-family detached housing with a density of two houses per acre or greater, to adopt local lot grading limits for single and subdivision lots.

The Town of Vienna supports a change to the Virginia Department of Transportation's local road maintenance funding formula from lane mileage to lane volume, or, in the alternative, additional funding for localities that maintain their roads and have roads that exceed the statewide average traffic volumes for such types of road by more than 20%.

The Town of Vienna requests amending the Code of Virginia §46.2-301.1 to provide for a 30-day impoundment of motor vehicles driven by persons charged with a second or subsequent no operator's license offense.

Help Available for Snow Removal

Vienna teens are available to shovel snow and do other odd jobs. The teen and the person needing the work decide on the amount to be paid for the service. Teens can sign up at the Vienna Community Center, and residents can call 703-255-6360 to be matched with a young worker.

The Town requests that sidewalks be cleared of snow and ice for the safety of pedestrians, especially schoolchildren. Although some jurisdictions in our area have adopted ordinances requiring residents to shovel sidewalks, the Town of Vienna has no such requirement, mainly because it would impose a hardship on elderly and disabled residents.

The Town/Business Liaison Committee (T/BLC) presents snow removal awards to businesses and residents that do an excellent job of removing snow or help others in removing snow. GENERAL INFORMATION

Collection for regular trash and yard waste (except bundled brush) will be made once weekly on the first collection day of the week.

Collection for single stream recyclable materials and bundled brush will be made once weekly on the second collection day of the week.

Collection will not be scheduled for Sundays, Fourth of July, Thanksgiving Day, Christmas Day, and New Year's Day. When a regular collection day is missed because of adverse weather conditions, a holiday, or mechanical difficulties, collections will be made on the next regularly scheduled day for that route.

REFUSE

Regular household trash (trash that is generated during normal household activities and all trash associated with food; not trash from heavy cleaning of closets, basements, attics, garages, or any construction materials), and **yard waste** consisting of grass, leaves, small clippings, acorns, walnuts, tree vegetation, etc., will be collected on the first day of the scheduled route. Yard waste must be bagged in clear plastic or kraft paper bags and separated from the regular trash (20 bag maximum and 40 lb. weight per bag maximum). Dirt and mulch will not be accepted with yard waste. Plastic trash bags may be

purchased from the Finance Department at Town Hall every weekday from 8:00 A.M. to 4:30 P.M.

All refuse shall be placed at the curblin e or edge of pavement by 7:00 A.M. on collection day (but not earlier than 6:00 P.M. the preceding evening) where it will be easily and safely accessible. Refuse containers shall not be placed and left on a sidewalk or any portion of a street right-of-way where they would interfere with traffic. All trash cans shall be removed from the curblin e or edge of pavement as soon as possible after trash pickup and by 7:00 P.M. the same evening as collection. The Town reserves the right to designate the collection point where there is a question or doubt.

All trash containers shall be a maximum size of 55 gallons with a **40 lb. weight limit**, be watertight metal or plastic (non-breakable), with handles and tight-fitting covers. Larger size containers used with automated trash trucks are not acceptable due to the fact that Town trash trucks are not equipped for this type of operation. Plastic bags may be substituted for trash containers provided they meet the 40 lb. weight limit. The bags shall be removed from the can or other holder, tied at the top, and placed at the curblin e or edge of pavement.

In the interest of health and safety, trash crews will only dispose of defective trash cans that are no longer suitable for use when the cans are upside down and clearly marked **TAKE** for disposal. Over-size automated tote-type cans are **not accepted** for means of trash disposal.

RECYCLABLES

MIXED RECYCLABLES AND NEWSPAPER: These items can now be placed together in the same container for recycling, and do not need to be separated. Residents may use plastic bins, clean trash cans, a cardboard box, or clear plastic bags for containing recyclable materials; **40 lb. weight per container maximum**. If a trash can type container is used, it should be clearly labeled and preferably blue. The Town does not take responsibility for any damage or wear and tear to bins or totes. Recyclables include, but are not limited to: NEWSPAPERS, BOOKS, MAGAZINES, CATALOGS, JUNK

MAIL, FLATTENED CARDBOARD, PAPER, AEROSOL CANS, GLASS, ALUMINUM CANS AND FOIL, PLASTICS # 1-7, OTHER PLASTICS: LAUNDRY BASKETS, PLASTIC LAWN FURNITURE, MILK CRATES, PLASTIC TOYS, ETC., BAGGED PLASTIC FILM AND PLASTIC BAGS, JUICE AND MILK CARTONS. Brush may also be placed in trash cans, not to exceed 2 inches above the top of the can (regardless of the height of the can), with a limit of 10 cans per pickup. Brush shall be separate from the mixed recyclables, as it is collected by a different truck.

STYROFOAM: STYROFOAM IS NOT RECYCLABLE, AND SHOULD BE DISPOSED OF WITH THE REGULAR TRASH.

COMPUTERS: For more information about recycling computers, please visit Fairfax County's Web site at www.fairfaxcounty.gov.

SPECIAL PICKUPS

Each residence or nonprofit organization located in a residential zone is allowed two free special pickup loads each year beginning **February 1 through October 1**. All requests for special pickups must be called in to the Department of Public Works: **703-255-5727**. No orders for special pickups will be taken during October, November, December and January due to leaf collection.

Special pickups are for the sole use of the property where the trash has been generated and cannot be transferred to another property in the town. All items shall be placed at the curb or edge of pavement in front of your property. Discards shall not be placed so that they block the sidewalk or street. Discards shall not be placed around trees, poles, signs, fire hydrants, fences, or other obstructions. All materials must be separated from brush. Residents must call **703-255-5727** for a special pickup as soon as they

place discards at the curb or edge of pavement. Once called in, the Town will collect the debris or brush within 10 business days. It is illegal to place debris in the right-of-way without arranging for a special pickup. Residents not complying will be notified that they have 48 hours in which to call for a special pickup. After issuing the notice and no action is taken by the resident, the Town will seek legal remedy to gain compliance with the Town Code.

Each special pickup is limited to one single-axle dump truck load (about the size of a Volkswagen "Bug") per residence or nonprofit organization located in a residential zone. Each residence receives two free pickups per year. Additional pickups may be arranged at a charge of \$75.00 per load for all items except brush; additional loads of brush will be charged at \$25.00 each. Residents or nonprofit organizations may call the Special Pickup Hotline at **703-255-5727** to arrange for a special pickup. The amounts and type of debris are limited to the following:

This Month in History

from the Vienna Newsletter archives

JANUARY 2000 – Vienna Town Hall has been renamed the Charles A. Robinson, Jr., Town Hall in honor of the late Mayor. In a resolution adopted January 31, the Town Council declared, “It is fitting and proper that Charles A. Robinson, Jr., be recognized by the Town of Vienna and its citizens for his invaluable contribution to the welfare of the Town and local government in Virginia and that the name and memory of Charles A. Robinson, Jr., should be preserved for future generations in the Town of Vienna as well as the entire Commonwealth of Virginia.”

JANUARY 1990 – The Town/Business Liaison Committee will discuss a proposed noise ordinance at its January 11 meeting. The ordinance would affect both residential and commercial zones and would prohibit excessive noise during late evening and early morning hours. The ordinance lists “maximum sound pressure levels” for each zone.

JANUARY 1980 – The Town Council will hold a public hearing January 14 on a proposed ordinance to regulate garage sales. The ordinance was proposed to control garage sale “businesses,” which have become an annoyance in residential neighborhoods. If adopted, the ordinance will limit garage sales at any one address to two per year.

JANUARY 1970 – Discarded Christmas trees will be lighted in a bonfire outside the Community Center on January 10 for the traditional “Burning of the Greens” ceremony, marking the end of the Christmas season and the beginning of the new year. A dance for high school students at the Community Center will follow, with a “Queen of the Greens” and princesses chosen from Madison High School.
